The Board reviewed the February month end reports of Clerk, Register of Deeds, Clerk of District Court, Treasurer and year to date Clerk of District Court. The Board reviewed the NIRMA 2018 Annual Report and correspondence from Flood Plain Management Division at the Federal Insurance and Mitigation Administration of FEMA.

Chris Rauner, Hwy Supt, met with the Board. Scott Lehmann met with the Board and Chris to discuss his concerns with county roads. 716 road east of highway 99/4 the school bus is getting stuck in ruts in the road and will not pick up kids anymore; at the corner north of Pat Kalin then east ½ mile the road floods, ditch is full and tube is plugged; there are a lot of roads in the Lewiston district that are double ditched and the roads wash out; at 714 road ½ mile east of the county line on the south side of the road there are trees in the ditches close to the bridge. The Board thanked Mr. Lehmann for coming in and making them aware of the situations. There was no rock report. All projects are at a stand still due to weather. Amanda Burki, Emerg Manager, will make a map, take pictures of Pawnee County roads with Chris so there is a map of before flooding, and hoping to get a state declaration for this area of the state if we get the amount of rain projected. If the state doesn't declare a state of emergency Pawnee County can declare a state of emergency for our county and send that to the State for help.
